

► **Weathering the Storm...**

Richard Branson once said - *“Business opportunities are like buses, there’s always another one coming”*

The first half of this year was very challenging for 6pm. Not so much from the lack of business opportunities - more from the vagaries of when they would kick off and allow us to start making some money. Add to this the huge negative sentiment in nearly all markets and ...

► **6pm partners with CQC to offer Clarity - BO Reporting Services**

Earlier this year CA announced their decision to replace Actuate iServer with Business Objects as CA Clarity’s standard reporting solution. Existing CA stock Clarity Actuate Reports will be in maintenance mode and no new enhancements will be implemented. Support of these existing stock reports will only be available until the end of 2009. CA Clarity customers are required to choose between a Business Objects roadmap or ...

► **Our New Housing Propositions**

- *Holistic Reporting*
- *GIS*

Earlier this year we had identified an opportunity to home in on our expertise in the Business intelligence space with a solution specifically tailored for the Housing market. After carrying out a number of exercises in order to size up the market and evaluate the opportunity, we secured a couple of beta sites in order to ensure we captured the requirements right from the horses mouth so as to be able to guarantee that our solutions are ...

► **6pm sets up an IT Centre for Children**

6pm and our employees have been providing sustained support to a number of underprivileged families and children in the dilapidated areas of Valletta since mid-2007. Over the last six months we have identified and embarked on a new project together with the Santu Wistin Parish.

In our efforts to get the children off the streets and provide them with the resources, equipment and guidance necessary to pursue in their education, we are renovating an old house that belongs to the Parish and converting it into an IT and Resource Centre for kids.
